Voices

SELECTING THE MAIN VOICE

From the HOME Screen . . .

- 1 If not already highlighted, touch the "Main" quadrant under the pictured keys to highlight it.
- 2 Touch the Main voice name in the Voice area above the pictured keys.
- 3 Notice the "Voice...family" Categories listed at the very top. Touch one of your choice.
- 4 Search other "Voice...Sub" categories by touching one of the instrument pictures toward the top of the screen.
- 5 Search the screen for the desired Voice by looking at all the pages of options. Use **▼** (if available) in the lower right (just above "Close") to view more pages. Use **▲** to return to previous pages.
- 6 While searching for the Main Voice, you may listen to a Demo by touching **🔊** speaker icon at the bottom.
- 7 You may read information about the Voice by touching **ℹ** (information) next to the speaker icon.

-4-

- 8 Once your choice is made, touch **Close** at the bottom right of screen or press the HOME button on the panel.

NOTE: This keyboard Voice will not sound if "Main" quadrant (on the HOME Screen) is not highlighted - or if

SELECTING THE LAYER VOICE

From the HOME Screen . . .

- 1 If not already highlighted, touch the "Layer" quadrant under the pictured keys to highlight it.
- 2 Touch the Layer voice name Voice area just above the pictured keys.
- 3 Notice the "Voice...family" Categories listed at the very top. Touch one of your choice.
- 4 Search other "Voice...Sub" categories by touching one of the instrument pictures toward the top of the screen.
- 5 Search the screen for the desired Voice by looking at all the pages of options. Use **▼** (if available) in the lower right (just above "Close") to view more pages. Use **▲** to return to previous pages.
- 6 While searching for the Layer Voice, you may listen to a Demo by touching **🔊** speaker icon at the bottom.
